STATE BOARD PROBING JORDAN

Investigation of Secretary of State Being Held Behind Closed Doors

NEYLAN DENIES JORDAN IS CHARGED WITH WRONG

Secretary Summoned In Connection With Payments of Automobile Fees

SACRAMENTO, April 4.—An investigation of Secretary of State Frank Jordan is being conducted behind closed doors by the state board of control today. Secretary Jordan is personally present and is also represented by Grove L. Johnson, Governor Johnson's father.

President Neylan of the state board of control, denied the reports that Jordan has been accused of misappropriating funds coming through his official relations with the automobile men. He said:

"Jordan is charged with nothing. We are simply examining into the conduct of his office. The proceedings will be made public later."

Jordan protested against the private hearing. Neylan refused to state what witnesses the board had summoned.

While both Secretary Jordan and his attorney refused to divulge the names of the witnesses they will summon it is said they will endeavor to force Governor Johnson to appear personally. The Governor's private secretary, Al McCabe, and executive secretary Frank Griffin are reported among their probable witnesses.

Whether Jordan can force their attendance is a matter of doubt. The summons to Secretary Jordan is worded as follows:

"You are hereby required to attend a meeting of the state board of control on Friday, April 4th, at 10 o'clock and then and there testify in the matter of an investigation of payment of certain fees into your office or to employees thereof. You are further required to bring with you all books, papers, documents or records of any kind whatsoever now in your office or possession showing or bearing on certain payments of fees for the transcription of automobile registration lists or any record of the motor vehicle department, by all or any of the following concerns: Standard Oil, Fireman's Fund Insurance, Western Motor Record, Studebaker Company, Aetna Indemnity Assurance Co., Golden State Auto List Company, J. A. Clemmons."

The summons is signed by President Neylan, citing the penalty to be adjudged in contempt if the secretary failed to appear.

When the board took a noon recess President Neylan refused to divulge the proceedings. Secretary Jordan said the question whether the employees of his office should accept fees from the insurance companies for furnishing lists of automobile license was under discussion but no conclusion had been reached.

ETHEL ROOSEVELT WEDS DR. DERBY

Second Daughter Married at Oyster Bay In Presence of Several Hundred Guests

OYSTER BAY, N. Y., April 4.—This was another great day for the family of Theodore Roosevelt, though this time it was the daughter of the Colonel who had the center of the stage. Miss Ethel Carow Roosevelt, at the Episcopal church at Oyster Bay, became the bride of Dr. Richard Derby of New York. Following the ceremony, the company repaired to the Roosevelt home at Sagamore Hill, where a wedding breakfast was served to several hundred guests. During the reception afterward, Nathan Franko's orchestra supplied a varied musical program.

Dr. and Mrs. Derby expect to sail tomorrow for Europe, where they will spend an extensive honeymoon. Dr. Derby planned to give a farewell bachelor dinner to his New York club friends, but finally abandoned the idea in deference to the wishes of his bride-to-be.

Among the bride's attendants was Miss Cornelia Landon, daughter of Mr. and Mrs. Henry Hutton Landon. Dr. Derby's brother, Roger Derby, was best man and Archibald Roosevelt, brother of the bride, was one of the ushers.

20 Immigrant Girls Disappear Enroute West

CHICAGO, April 4.—Federal officials, officers of the Baltimore & Ohio railroad, and members of the Illinois vice-probing committee have renewed their efforts to solve the mysterious disappearance at Newcastle, Pa., of twenty immigrant girls en route here from New York.

The Pittsburgh and Newcastle authorities today notified the police that they are unable to trace the missing girls.

Bulletins of News

Hot from the wire up to 3:30 p. m.

THE WEATHER

Fair tonight and Saturday; light winds.

Methodist Parliament Opens at Seattle Tomorrow

SEATTLE, April 4.—With many of the most prominent men in Methodism present, the Methodist parliament, held under the direction of the general conference committee opens tomorrow.

Heart and Lungs Topics For Indiana Physicians

MUNCIE, Ind., April 4.—Wonders of the heart and lungs will be discussed here tonight when doctors of many counties of Indiana join the Delaware County Medical Society in an open meeting. Dr. H. C. Kimberlin of Indianapolis will conduct the clinic in connection.

700 Normal Alumni At Pennsylvania Banquet

PITTSBURG, April 4.—Of the 700 graduates of the normal school at Indiana, Pa., who live in this county, a majority will attend the alumni dinner at the Fort Pitt Hotel here tonight. Honor guests will be Miss Jane E. Leonard, preceptress since 1875, and Dr. James E. Amcott, president of the institution.

500 HOMES GO AS LEVEE BREAKS

Disaster at Hickman, Ky.; Convicts Rushed to Guard Levee; Mississippi Rises

MEMPHIS, April 4.—More than 500 homes were demolished in West Hickman, Ky., today when the levee collapsed, but no fatalities are reported.

Governor Brewer of Mississippi today rushed 200 convicts on a special train from the state prison to Miller's Bend, near Greenville, where a crevasse is threatened.

Residents of the lowlands are moving to refugee camps as a result of the continually rising river which rose six inches during the night. The levees are holding well but the river threatens to overtop them. A relief fund has been started here.

LEVEES HOLD AT CAIRO BUT RIVER YET RISING

CAIRO, Ill., April 4.—The levees are holding strong, and with the crest of the flood expected tonight, it is believed they will withstand the pressure. It is reported today that downtown is almost without provisions. The rain added hardships for the homeless at Gregory Heights. A river steamer brought thirty refugees from O'Brien's Landing.

At 10 o'clock the river had reached the 54.7 foot stage. Hundreds of men are working on the levees. Two thousand men are working on the Hickman, Ky., levee, the situation there being still critical.

Two companies of militia sent from Cairo with 50,000 sacks of rations arrived at Mound City, Ill.

The river will rise another foot before tomorrow, according to the weather bureau prediction. The levees are still holding strong, and citizens believe they will stand unless high water adds pressure.

RAILROAD TRACKS AT ZANESVILLE WASHED OUT

DAYTON, April 4.—The washing out of the railroad tracks by last night's heavy rains near Zanesville caused Gov. Cox and the flood relief commissioners to defer their visit to Zanesville. They went to Piqua instead.

MAY BOND FOR ROADS

HASTINGS, Mich., April 3.—Interest in good roads has developed up to such an extent in Johnstown township in the southern part of Barry county that a proposition to bond the township for \$35,000 for good road purposes may be put to the vote of the people at the spring election.

KING NICHOLAS MORGAN'S BODY DEFIES GREAT POWERS ON LA FRANCE AT HAVRE

"I Not Only Intend to Take Scutari But I Intend to Keep It," Declares Monarch

VIENNA PRESS BECOMES HYSTERICALLY OVER DEFY

Charges Russia With Bad Faith; Allies Lost 2000 Killed In Recent Scutari Fight

CETTINJE, April 4.—Open defiance

of the powers' demands that he stop the bombardment of Scutari, was seen today in a stirring statement attributed to King Nicholas of Montenegro.

"Scutari is my future capital. I not only intend to take Scutari but I intend to keep it," the statement reads.

"We are fighting for our existence against dire poverty. Our national life is at stake. You can't grow grain on a rock. The Montenegrins have tried it long enough to know, it is better to die fighting than to live as we are now."

VIENNA PRESS HYSTERICALLY OVER MONTENEGRIN DEFY

VIENNA, April 4.—Montenegro's defiance of the powers has caused an hysterical outburst in the Vienna newspapers. It is hinted that certain of the powers are not fulfilling their promises regarding the efforts to end the war and that Russia is supplying Montenegrin courage.

It is reported here on good authority that Montenegro and Servia lost two thousand killed in the recent fighting about Scutari.

POWERS DELAY IN OPENING MONTENEGRIN BLOCKADE

LONDON, April 4.—The powers have not yet instituted the blockade of the Montenegrin coast, and the warships are still waiting for orders. Rumors have been extant that the powers are not united on this point. It was said that notwithstanding the definite statement on Wednesday that France would aid in the blockade, that country has refused to send a ship unless formally and publicly authorized by Russia to do so.

Meanwhile Austria is becoming more and more restive. She is suspicious of Russia, as there are many rumors that this latter country is secretly supporting the Montenegrins and Servians.

MAYOR ALEXANDER TO VISIT FIELD OF GETTYSBURG

LOS ANGELES, April 4.—With his former term of office drawing to a close, Mayor Alexander announces that he has planned to attend the celebration of the fiftieth anniversary of the battle of Gettysburg on July 1.

"I want to see the old battlefields," said Mayor Alexander, "I am particularly anxious to see the battlefield of Gettysburg. I was not in that battle, but I was at Winchester and at Cedar Creek.

"At Cedar Creek I was shot in the foot, and another bullet went through the leg of my trousers. I want to see all three battlefields. I believe I can pick out the very spot where I was shot."

KILLED IN TORNADO

STURGEON, Mo., April 4.—William Mathes, 87 years old, a retired farmer, was killed, his wife, Mary, and his daughter, Ruth, 24 years old, were probably fatally injured, twenty-one persons were less seriously hurt, and a score of residences were demolished when a tornado passed within a half mile of Sturgeon yesterday afternoon.

SHENK GROWS IN POLITICAL FAVOR

Endorsed by Los Angeles Reform Committee; Well Equipped For Mayoralty

LOS ANGELES, April 4.—John W. Shenk, who has announced his candidacy for mayor of this city in compliance with an apparently unanimous demand for his services, being endorsed by the Municipal conference as well as the People's Campaign committee, is developing strength along all lines. It is believed his candidacy will harmonize conflicting factions resulting in his election.

Shenk has been connected with the reform movement in this city for many years and through his incumbency of the city attorney's office and his familiarity with civic, harbor and aqueduct problems, he is unusually well qualified to conduct a successful administration for Los Angeles.

SHERIFF'S POSSE IN PISTOL FIGHT WITH MEXICANS; ONE SHOT

Running Battle Last Night and This Morning Midway Between Wintersburg and Westminster—Five Prisoners Taken

A desperate battle between officers of the law and two Mexicans in which one of the latter was wounded, took place this morning just off the county highway, a short distance from the Grangertorpe school house. After the battle there was one Mexican in the Santa Ana hospital with a broken leg caused by a pistol bullet; and four other Mexicans, one of whom had participated in the shooting, were in the county jail.

The affair had its beginning in the repeated thefts of grain, chickens and other odds and ends in and about Garden Grove. Complaint had been made to Constable Clark of that town, and Deputy Sheriff Turner; and their investigations led them to suspect certain Mexicans. The trail led to the four-room frame shack occupied by Cornelio Ledesma.

In this locality there is a small Mexican settlement. Ledesma resided with his 15-year-old daughter and three sons. Because of information that they had obtained the officers decided that it would be safest to take along company, and so they had Sheriff Ruddock and Deputy Boynton go along. They were early last evening and subsequent developments proved that Constable Clark's notion of having plenty of help along was well founded. No sooner did the officers opened upon the scene than Ledesma appeared fire upon them. Clark was evidently the man's target and an exciting exchange of bullets followed.

Ledesma emptied his revolver at the officers, who had gotten out of their auto, and they rounded him up as some other Mexicans joined him. There was another all-around exchange of shots, but again the Mexicans succeeded in eluding their pursuers. This running fight was kept up for some time, and on three occasions Sheriff Ruddock and his men felt sure they would get both Ledesma and the other fellows, but each time they were disappointed. However, they took Guadalupe Ledesma, a son of Cornelio, into custody.

The shooting took place about half a mile from the Grangertorpe school house," said Under Sheriff Law, in talking about the affair. "We had followed the trail all around that country early this morning, but without getting close to the men we wanted. Constable Kellenberger of Anaheim was called into the game when I found the contract between Mrs. Trapp and Arendo. The name was a little off, but we discovered that Arendo was a relative of Cornelio Ledesma, a half-brother, I think. We took up Arendo's trail and got him. The shooting took place on a ranch occupied by a man named Greenlee."

A quantity of articles alleged to have been stolen were found in Ledesma's house, including a setting hen and her nest of eggs. The articles stolen included a sack of grain, rubber hose, and some rope.

NO CASH FOR STATE BUILDING AT FAIR TRYING TO SHAPE UP TARIFF BILL

Gov. Johnson Declares That Free Sugar and Free Wool State Cannot Afford to Spend One Dollar for Building

SACRAMENTO, April 4.—Governor Johnson notified representatives of the Panama-Pacific Exposition and a committee of county supervisors who called upon him yesterday that it would be impossible to make any appropriation for a California building at the world's fair in 1915, declaring the treasury is empty.

Since the inception of the project at San Francisco, it has been taken for granted that the state would provide a mammoth building, costing not less than \$1,000,000, in which to display the products and resources of the several counties. The site of such a structure has been selected and tentative plans prepared by the exposition company.

Early in the present session of the legislature, Senator Tom Finn of San Francisco introduced a bill to appropriate \$1,000,000 for the use of the State Exposition Commission in erecting and finishing the building. Yesterday Governor Johnson stated emphatically that the state could not afford to spend one dollar.

SIX SHOT IN STRIKE AND TWO EXPECTED TO DIE

AUBURN, N. Y., April 4.—Six twine mill strikers, including two women, were shot and seriously wounded in a battle with the police at the Columbia Rope Company's plant today. One man and one woman will probably die. The clash was precipitated when the police ordered the picketers to disperse, the police using revolvers and clubs when the strikers showed fight. Further trouble is expected here.

Building Contractors—*I do floor scraping.* G. S. Salter, Bellflower, Cal.

SUFFRAGETTS WRECKED TRAIN

Threats Made After Sentence of Mrs. Pankhurst Being Carried Out

ENGLISH P. R. STATION WAS DYNAMITED TODAY

Two Women Arrested; Militants Threaten Human Life in Retaliation Plan

STOCKPORT, England, April 4.—Suffragette threats to imperil human life in retaliation for the sentence on Mrs. Pankhurst was made good today when the London and Northwestern Railroad train here was wrecked by a clock bomb. Seventeen carriages were attached to the train, and the majority of these were empty. None was hurt.

TWO SUFFRAGETTES ARRESTED

LONDON, April 4.—Suffragettes today dynamited the railroad station at Osted, in Surrey. They used a clock bomb, set for 3 o'clock this morning. Suffragette placards were found surrounding the station. The station was wrecked, but no one is believed to have been killed. Two women were arrested in South London carrying a suit case containing explosives. They admitted they were suffragettes and were remanded for hearing in the police court. The Great Western and Midland railways have issued a general warning to the public, and have stationed extra guards about the stations and tunnels.

WILD SCENES AND THREATS AFTER PANKHURST SENTENCE

LONDON, England, April 4.—Wild scenes followed the sentencing of Mrs. Emmeline Pankhurst to three years' penal servitude. Meetings were held early this morning in many cities by the suffragettes and following the threats made on all sides, there have been fresh outbreaks. In Plymouth telephone and telegraph wires have been cut. The Manchester art gallery has been visited and the glasses on fifteen paintings smashed. One of these was "The Prayer," by Watts. The canvas is damaged also.

The statement that human life is now in danger was made by one of the leaders, whose name is suppressed. While public speakers have been more moderate, they have insisted upon violence.

BENEFIT FUND IS STILL BEING ADDED TO

Santa Ana's Subscription List Will Be Formally Closed Tomorrow Night

Subscriptions to the flood sufferers benefit fund are still being received, but Santa Ana's subscription list will be formally closed Saturday night. It is desired that all persons intending to add their mite to this most worthy cause should do so without further delay.

Secretary Metzgar of the Chamber of Commerce reports the following additional subscriptions:

Previously reported \$179,45

Mrs. J. K.

MANY MATTERS OF PROBATE CONSIDERED

Routine Features Settlement of

Estates of Various Deceased Persons

A petition for special letters of administration in the estate of A. E. Streble was filed today by Melrose & Ames on behalf of the widow. The estate is valued at about \$5000. The heirs, besides the widow, are a son aged 19 years, who resides with his mother at Anaheim, and a daughter, Hilda Lowans, aged 23 years, a resident of Los Angeles. The appointment was made by Judge West as prayed for.

Other probate matters considered today included the following:

Estate of Augustus S. Alderman, order of final discharge of Administrator B. H. Johnson.

Estate of Robert Squires, decree en-

tered showing due notice given to creditors.

Estate of H. T. Metzgar, order of publication of notice to creditors.

Estate of Richard T. Harris, bond of administratrix on sale of real estate approved.

Estate of M. J. Cunningham, decree showing due notice to creditors.

Estate of Joanne Howard, approving bond of D. N. Kelly as administrator.

Estate of William W. Morrison, affidavit of publication.

Estate of Caroline M. Conn, order of publication approved.

Estate of Lietsch, petition for family allowance, continued to April 11.

Estate of Bradley, petition for distribution, continued to April 11.

MISCELLANEOUS MATTERS

G. W. Robinson, who recently pleaded guilty to issuing worthless checks has been given five years probation.

Case of Clay vs. Baxter, demurrer taken under advisement.

Petition in case of Boyd, insane, to set aside homestead, continued to April 18.

Abstract Title & Guaranty Co. vs. State Bank of Newport, demurrer to complaint, continued to May 2.

Bean vs. Bean, set for trial April 10.

Kemp vs. Couts, continued to April 25.

Deakins vs. Morel, continued to April 11.

Walters vs. Walters, continued to April 11.

Baxter vs. Boege, continued to April 11.

MARRIAGE LICENSES

Charles W. Landis, 29, and Miss Allene B. Raney, 18, both of Los Angeles.

IN THE JUSTICE COURT

Too Many Ducks Alleged

Albert H. Hayes, said to be a wealthy resident of Pasadena, was held in \$50 bail this morning by Justice Cox on the charge of having violated the game law by having too many ducks in his possession. Hayes was served with the warrant in the Crown City by Constable Jackson. The alleged offense is said to have been committed in February last on a gun club's preserves. As the defendant had arranged for a foreign trip, and the state was not prepared to proceed with the case, the hearing was indefinitely postponed.

TWO OFFICERS TAKING PRISONER TO QUENTIN

Deputy Sheriff Heard and Police Officer Davenport are taking Theodore E. Drueckner, alias Brueckner, alias Marshman, convicted of passing bad checks, to the state penitentiary at San Quentin. Drueckner is regarded as an exceptionally dangerous man, both because of his physical prowess and his intelligence.

Baby Loves ZEMO for Skin Trouble

Stops Itching at Once—Cures Irritated, Chapped Skin

Buy a 25c Bottle Today and Prove It. Try one application of ZEMO on the baby, and see the poor little fellow jubilate with his toes, and chuckle. If he could only talk, he'd thank you for the heavenly relief. ZEMO is guaranteed to stop itching immediately or money is refunded.

For rash, tetter, and all the skin tortures that babies suffer, ZEMO has no equal.

For the skin troubles that men and women suffer, for all the itching, raw, scorching eczema, dandruff, inflamed or reddened skin, it has proven "astonishing results" in thousands of cases. The immediate relief it gives is almost heavenly. ZEMO is a clean, antiseptic solution applied to the skin; no oily paste or ointment.

"My feet would scald and crack into the blood. Could hardly walk. Tried one bottle of ZEMO, 25c, and it cured them." F. W. Flowers, Jeweler, Oakdale, Va.

ZEMO is sold in 25c sealed bottles and guaranteed in Santa Ana by Mateer's Drug Store.

HOLDITCH—In Santa Ana, California, Thursday, April 3, to Mr. and Mrs. John P. Holditch of Villa Park, a daughter.

HIS FIRST DEPOSIT

JOHN D. ROCKEFELLER COULD POINT WITH PRIDE IN HIS FIRST DEPOSIT IN THE BANK.

He had enough in the bank to take the first business opportunity so can you if you put it in the bank.

We offer to corporations, firms and individuals the advantages and facilities of our bank. Years of successful service to depositors and our progressive, yet conservative methods have developed and perfected a banking institution that is a credit to this city and a convenience to all who desire prompt attention and courteous treatment.

Farmers and Merchants National Bank
OF SANTA ANA, CALIFORNIA.

MAMA AND BABY ELEPHANTS WITH SELLS-FLOTZ CIRCUS

AMUSEMENTS

During their engagement here on April 16, the management of the Sells-Flotz circus will present the greatest band of Highland pipers in the world, known to fame as the Royal Scotch Kilties of Toronto, Canada.

These men will appear both in the parade and at regular performances in the kilts and tartans of their clans, and will bring with them the memories of the gallant battles wherein the Highlander has contributed to history since time began.

At the regular performances, the Royal Kilties will appear, giving concerts with the pipes and drums, folkore songs and the various dances so dear to the heart of every Scotchman.

There will be no extra charge for this, their number being part of the regular performance. Let it not be forgotten that the Sells-Flotz people still adhere to their cut-rate policy in price—the admission to the whole entertainment being 25 cents.

Ideal Outing for Boys

Not many boys have such an outing as Mr. Roney gives those of his concert company at the end of their season at his summer home, "The Antlers," on Gogebic Lake in upper Michigan. Here Mr. Roney, who is an ardent nature lover, owns several hundred acres of magnificent forest preserve, fronting for a mile on the lake shore. "The Antlers," a great log cabin, is one of the "show places" of the Lake Superior country. The massive fire place of granite, sienite and porphyry is set with specimens of silver, copper, Galena and iron ore and other sparkling minerals, and the rustic finish of the interior is done in 16 different kinds of wood, cut from the place, forming an interesting exhibit of the mineralogy and forestry of that section. The woods abound with deer, bear, wolves, wildcat and other wild animals, and the waters with wild-fowl, bass and speckled trout.

The boys gather around the big open fireplace at night, pop corn and play games, or listen to hunting stories from Mr. Roney, who is an experienced hunter of large game, "The Antlers" and his Chicago studio being filled with trophies of his rifle. The days are spent in fishing, boating, bathing, athletic sports, and in exploring the streams and the fifty miles of forest shore in Mr. Roney's private launch. The boys don their handsome uniforms and put on their "old clothes," and rough it to their heart's content.

Roney's boys will be at Spurgeon's Hall Wednesday, April 9, matinee and evening.

DELLA CLARKE

line assistance is no less forcibly brought out than the counter-proposition that the same woman—during the time of accomplishment and afterwards—must have the support and companionship of a mere man if she is to attain the highest measure of well-rounded happiness.

The cast supporting Miss Clarke was an excellent one, great care having been exercised in the selection and the whole giving the impression of a remarkably well-balanced aggregation.

WESTMINSTER, April 3.—The annual congregational meeting of the Presbyterian church was held on Saturday afternoon last. Pastor W. T. Wardle presiding. Reports for the year were received and officers elected. The reports showed the church in a prosperous condition. Arrangements were made for repainting the church.

Rev. L. W. Moore and wife, Mr. and Mrs. J. Upton, Mrs. J. Walton and Mrs. Lyman Twogood attended the revival services at the Methodist church at Stanton on Monday evening.

A bus load of high school students and their friends went to Huntington Beach on Monday evening to attend the oratorical contests between the Anaheim and Huntington Beach high schools.

The California Rodeo, a moving picture show, was given at the I. C. O. F. hall on Tuesday evening.

Mr. and Mrs. Stuart Patterson and children of Santa Fe Springs and Mr. and Mrs. Edward Patterson of Los Angeles were guests of Mr. and Mrs. John Patterson on Sunday.

Mrs. O. J. Day spent several days last week at the home of her parents, Mr. and Mrs. John Edwards, in Santa Ana.

Wm. Morrill of Garden Grove was an over-Sunday visitor in town.

George Murdock of Angiolo, Tulare county, a former resident of this place, spent a few days with friends last week.

Mr. and Mrs. A. H. Burlingame of Glorieta Heights, near Los Angeles, visited with Wells McCoy and family on Saturday.

John Edwards and wife, Miss Mildred Edwards and Master Glen Edwards of Santa Ana spent Sunday on the ranch with Reuben & Lloyd Edwards.

Mr. and Mrs. Harry Paul of Los Angeles were week-end visitors at the home of J. A. Murdy.

C. C. Murdy of Hollywood and W. Burns of Long Beach spent Tuesday with J. A. Murdy and family.

Rev. W. T. Wardle spent Monday in Los Angeles.

Get It Done Right

Why? Simply because it pays. Every auto man knows that cheap repairing is the most expensive in the end. Get It Done Right is

LOS ANGELES PRODUCE MARKET

Despite lighter receipts butter dropped four cents yesterday, and some dealers believe that the falling off will continue. It is possible, however, that there may be a reaction, as the local price was 1½ cents below San Francisco yesterday, and the greater part of the butter is coming from the north. Eggs were steady, but all kinds of cheese were easier.

White asparagus was very plentiful and quoted at 3 cents a pound in one or two instances. The market may stiffen up a little after the canneries begin to draw heavily on the supply. Shipments the last day or two have been very heavy. Artichokes appeared to be quite abundant and sold 50 to 75 cents a dozen in most cases. Storage onions were quoted around 85 cents in one instance. Bermudas from Imperial are expected in soon. Potatoes were about the same. Peas are steadily more plentiful. Receipts from Imperial valley are good. The price ranged as low as 6 cents a pound. Rhubarb is about the same. Potatoes are weak. A large lot for future delivery sold at 60 cents a sack on the Produce Exchange. Open grown mushrooms were received and were quoted at 30 cents a pound.

Liquats were a little cheaper and a portion of the supply was off-grade and sold as low as 7 cents a pound. The better quality fruit brought 10 to 12 cents a pound. A few strawberries were in evidence at 15 to 20 cents a basket. The scarcity in oranges reported a few days ago was seemingly only temporary as guaranteed fruit quoted as low as \$2.50 a box in some instances again. Apples are about the same, despite light receipts.

Reported receipts were: Eggs, 742 cases; butter, 26,866 pounds; cheese, 210 pounds; potatoes, 1645 sacks; sweets, 54 sacks; apples, 414 boxes.

EGGS—Ranch, candled, 23½; fresh ranch, case count, buying price, 20½; Petaluma-Santa Rosa extra, 21 to 22; northern, case count, 16 to 19.

BUTTER—Buying prices: Creamery extras, 31 per lb. Prices to the trade are about 3 cents above these quotations.

Why not a pair of glasses? See Dr. Loerch, 116 East Fourth Street.

FIRST PRESBYTERIAN CHURCH EULOGIZES PASTOR STEVENSON

Annual Meeting Expresses Appreciation Of Wonderful Growth of Church Under His Administration

The annual meeting of the First Presbyterian church last night was largely attended and enthusiasm was manifested over the excellent condition of the church and its various activities. Resolutions commending the Rev. J. A. Stevenson, the pastor, were unanimously adopted.

It was disclosed by the reports that the church had enjoyed a great revival in the church year just closing. The work of the young people of the church during the year was zealous and of splendid character.

Three new elders, W. W. Henry, W. H. Thomas and C. A. Miller, were chosen and the present board of trustees was re-elected, the members being thus honored for their many years of exceptionally fine and faithful services. The board of trustees includes R. J. Thompson, Lloyd Maier, J. W. Bishop, R. J. Blee and L. J. Carden.

By unanimous resolution it was decided to build a \$7000 addition for the use of the Sunday school, the growth of which has been so great as to demand increased accommodations. A committee from each branch of the church activities was named to select a building committee. Those who will choose the building committee are J. H. Rankin of the elders of the church; George S. Thacker of the Sunday school; Glenn Tidball of the Christian Endeavor; Mrs. E. L. Morrison of the Ladies' Aid Society, and Mrs. W. W. Anderson of the Woman's Missionary Society.

Resolutions Passed

The resolutions passed by the annual meeting constitute a veritable tribute to the pastor, Rev. J. A. Stevenson, and with some interesting data on the growth of the church, are given below:

By consulting the records of the First Presbyterian church of Santa Ana, from the year 1906 to date, some very interesting data is found there in. For instance, the church membership in 1906, when the Rev. J. A. Stevenson came to take charge, was 462; Sunday school membership, 350. The church paid on Home Missions \$500, for Foreign Missions \$641. The next year the church paid for Home Missions \$890 and for Foreign Missions \$600; while 44 members were taken into the church, 7 by profession of faith, and 37 by letter. The next year, the church membership was increased by 76 members, 22 on profession of faith, and 54 by letter. In the year 1910 we find that the church paid on account of Home Missions \$1205 and on account of Foreign Missions \$1775. In the year 1912 the church paid on account of Home Missions \$1000 and on account of Foreign Missions \$1555. And for the same year, that is, the year ending March 31, 1912, 125 new members were taken in, 55 on profession of faith, and 70 by letter.

Without giving in detail the letters that have been issued by the church to members leaving this church for others in other localities, deaths, etc., the church membership during the time of the pastorate of the Rev. J. A. Stevenson has been increased from 462 in 1906 to 639 in the fiscal year now closing, or a net increase of 227, and the Sunday school has been increased from a total membership of 350 to a total membership of 723, or a net increase of 373 members, as shown by the secretary's report tonight.

In 1906 the church debt, including floating debt and mortgage, was

\$7900. Since that time the church has raised \$1500 for repairs and during that time, in addition to the ordinary running expenses of the church including minister's salary and every other expense the said indebtedness of \$7900 and the said repairs for \$1500 have been fully paid and there is now subscribed for new and additional Sunday School room a sum of about \$2000. All of which augurs well for the church and undoubtedly is highly gratifying to our efficient pastor and his good wife, the Rev. and Mrs. J. A. Stevenson.

During the years intervening from 1906 to the present, this church has undoubtedly had its bright and dark days, but from that very year 1906 a splendid work has been accomplished under the leadership and masterly ability of our beloved pastor, the Rev. J. A. Stevenson, and by his amiable wife, with whom the present standard of efficiency of all departments and activities of this church have been attained.

While the pastors of other congregations in this city come and go our pastor remains. He remains at a salary far less than offered him by other congregations who want him. He believes that God's desire is that he remain with us; that we need him here and so believing he has considered only his duty without regard to financial remuneration. In point of service, he is the oldest pastor in this city. It is no idle statement, but an avowment of absolute fact, that he stands at the very apex of the list of Southern California pastors, regardless of denomination. His duties as the pastor of a large and continually growing church are many and exceedingly onerous. Do we always appreciate this?

As many ideas as to what constitutes a good sermon undoubtedly can be found in this church as there are members. If this be a fact, can it be that individually sometimes, we become so forgetful that we think only of ourselves and disregard altogether claims and rights of other members? Indeed, if such were the case it would not be surprising. Yet notwithstanding all these possibilities it is a fact that the relations between this church and its pastor are such that almost if not the entire church membership is in sympathetic accord with him.

Whether his sermon entitled "The Open Door," "The Great Commission," "From Pessimistic Alley to Optimistic Boulevard," "Sweltering the Bitter Waters of Life," "The Habit of Helpfulness," or that splendid message that he brought to us in his sermon of last Sunday night, "The Good Shepherd," it is almost the universal verdict of the audience hearing the same, that the sermon was a message from his very heart; that it was the gospel pure and undefiled and that as a pastor and a preacher he is growing steadily as the years go by.

In handling the questions of the day from the sacred desk, he is fearless and uncompromising and he burns home into the minds and consciences of his auditors the fact that it is impossible to serve God and be on the devil's pay roll, and yet with it all, he stands head and shoulders above us all in his uniform courtesy, his kindly patience and his unwavering fidelity to the interests of his Master.

In all these efforts of his to advance the Kingdom of Jesus Christ, he is most ably and sympathetically assisted and encouraged by his capable and estimable wife. He, as our pastor, and we as his people, are indeed favored in having the quiet, sweet but powerful influence of this good woman, who, without a doubt, shares the very best wishes and enjoys the love and admiration of the entire membership of this church. Not by act or deed has she ever done anything to hinder or delay in any way the onward march for good or the furthering of the interests of this church under the leadership of her talented and consecrated husband.

It is fitting, therefore, that we should express our appreciation of our pastor and his good wife in some way so that it may become a part of the records of this church. Therefore be it

Resolved, By the members of the First Presbyterian church, of Santa Ana, at its annual congregational meeting assembled, this 3rd day of April, 1913, that we do hereby express our profound recognition of the unselfish devotion which has characterized and animated both the Rev. J. A. Stevenson and his wife, during all the time that they have labored among us; that we convey to them our sincere thanks and appreciation for the high character and quality of those labors which they have both rendered, as well as for personal courtesies, patience, high abilities, and for the successful and absolutely untiring efforts in the interest of our beloved church and for the advancement of the Kingdom of Jesus Christ in this community; and be it further

Resolved, That we, individually and as a church, here and now assure our beloved pastor and his wife that henceforth insofar as in our power lies, we will make a more strenuous effort to help them bear their burdens and perform their arduous labors among us by surrendering ourselves more fully to our Master's work; by permitting the Holy Spirit to lead each one of us into the fullness of service for Him who died for us and for those "whose feet are in the way that leadeth to destruction," and by so doing present an united front of pastor and people in one common task of doing our part toward ushering in the Kingdom of God and crowning Jesus Christ as its King.

Resolved, That we, individually and as a church, here and now assure our beloved pastor and his wife that henceforth insofar as in our power lies, we will make a more strenuous effort to help them bear their burdens and perform their arduous labors among us by surrendering ourselves more fully to our Master's work; by permitting the Holy Spirit to lead each one of us into the fullness of service for Him who died for us and for those "whose feet are in the way that leadeth to destruction," and by so doing present an united front of pastor and people in one common task of doing our part toward ushering in the Kingdom of God and crowning Jesus Christ as its King.

CHARLES F. BAKER INDICTED SAN FRANCISCO, April 4.—Charles F. Baker, assistant cashier of the Crocker National Bank here, who recently confessed to the embezzlement of approximately \$200,000, was indicted yesterday by the federal grand jury on forty counts. The charge is abstraction of money and falsification of the records of a national bank and the maximum imprisonment for each count is ten years.

MEXICANS HERE HUNTING FOR THINNING

Supply of Labor in Sugar Beet

Fields Reduces Contract

Price to \$4

WARMER WEATHER IS HELPING CROP

Some of the Ranchers Just Now

Planting—More Rain Is Needed

Just at present there is an oversupply of Mexicans in the sugar beet fields. The result is that contracts for thinning beets can be secured for \$4 an acre. A short time ago the Mexicans were asking and getting contracts at \$4.75 an acre, but the supply of labor is greater than the demand, with farmers reaping the benefit by seventy-five cents an acre.

Any one going out in the sugar beet country recently has seen Mexicans in gangs of three and four or more wandering along the roads. They are looking for work.

As yet the thinning of the beets is only well under way. In some fields the planting is just now begun. Some of the ranchers have replanted. This is particularly true in the Lobo and Clearwater districts in Los Angeles county, where the wind interfered with a good stand.

It is estimated that the acreage in Orange county is increased over what it was last year. Orange county's five sugar factories will cut the product from about 32,000 acres.

It is too early to estimate the yield. If it remains dry, the yield is going to be light on the dry lands. Fields that lie in the damp lands or are irrigated will have no difficulty in making a good crop. So far the weather has not been the most favorable. The nights have been cold, and the land would hardly warm up during the day. The result has been that the beets have been slow coming up and getting to the point where the thinners could go to work. The last two or three days have been more pleasant to the sugar beet men. Warmth put into the ground in the daytime is sufficient to keep the beets warm for the night, thus aiding their development.

In this county practically all of the thinning is done by Mexicans. This year there seems to have been an increase in the Mexican population. Just how many have come in from Mexico would be hard to estimate, but the beet men believe that the number would be surprising if it were possible to make an accurate estimate.

The operation of thinning begins when the sugar beet plant has from four to six leaves upon it. The work must be done crawling on the knees. A short handled hoe is used in cutting out a space. Plants will be left to mature from six to ten inches apart, depending upon the fertility of the land.

In all these efforts of his to advance the Kingdom of Jesus Christ, he is most ably and sympathetically assisted and encouraged by his capable and estimable wife. He, as our pastor, and we as his people, are indeed favored in having the quiet, sweet but powerful influence of this good woman, who, without a doubt, shares the very best wishes and enjoys the love and admiration of the entire membership of this church. Not by act or deed has she ever done anything to hinder or delay in any way the onward march for good or the furthering of the interests of this church under the leadership of her talented and consecrated husband.

MAN MADE FLOODS

Just as the recent tornado losses have been at least aggravated by the tendency to erect unsatisfactory buildings, so the awful floods of the Ohio valley may be largely traced to the works of man. Wherever the balance of forces is upset, Nature sooner or later takes revenge.

That occupation by man tends to increase disastrous freshets is suggested by the commission that studied the flood problem at Pittsburg. It was found that in the five years from 1871 to 1875, there were but two floods passing danger point. In the five years from 1906 to 1910, there were eleven such dangerous floods.

The ruthless sacrifice of forest growth, turning vast acres of soil sponge into hard runways, is a familiar cause of flood damage. But even if the losses at Dayton and other cities were not due to any large extent to this reason, other consequences of man's acts do increase hazard.

Men build factories and railroad tracks and bridges and dams along a stream tending to restrict the natural outlet of the water. Their mills let loose debris and silt that fill up the river beds. A still greater factor is the erosion from cultivated fields, which is far greater than that from the original uncultivated soil.

Flood damage is an enormous annual drain on national wealth. The railroads are said to have lost \$25,000,000 by the floods of March 25 and following dates. The Ohio river floods of 1907 cost \$100,000,000. When the Mississippi river gets on a rampage, it is likely to do equal damage.

Calamities like these quickly pass out of mind except in localities immediately affected. Meanwhile such a project as that for reservoirs controlling the Alleghany and Monongahela rivers, involving a \$20,000,000 expense, is regarded as extravagant.

FUTURE OF THE TROPICS

Are the tropics, which were for ages the seat of powerful civilizations and of mighty empires once more going to become favored and desirable spots for civilized man? Col. Gorgas thinks they will. In a recent address at Johns Hopkins University after describing the wonderful reduction in disease under the sanitary precautions established, Col. Gorgas speculates on the effect of this demonstration on our ideas of the tropics as a place of residence. He says that it is an established fact that always in the past the Caucasian has wilted and died in the tropics. He has found it almost impossible to rear his children under these conditions, and when he has survived, a degenerate race has resulted. But here at Panama a force of 10,000 Caucasians have lived for the past six years in as good health as similar people live in the healthful parts of the United States. Not only is Panama located in the most tropical portion of the tropics, but it has been the most unhealthful location in all the tropics for the past four hundred years. The Caucasian has tried to live here and use Panama as a cross-place; but he has found it impossible to do so. The toll in life has been very heavy when he spent in the jungle of the isthmus even the few days that were necessary for the crossing; and when he attempted to stay longer, as with the French under De Lesseps, the loss was appalling. What has made the difference between invalidism and death in one period, and robust and vigorous health in the other period? It is due solely to the fact that the American authorities have protected the workers and their families from disease, especially from yellow fever and malaria. The effects of this experiment will be far-reaching. The tropics, at present, contain much the largest and most productive portions of the earth's surface. A man's labor in the tropics will bring him in many times the returns that the same amount of labor will produce in the temperate zone. Heretofore he has been kept out of these regions on account of the health conditions. Panama has been known as the most unhealthy place in the world, and also as having had carried into execution within its borders the greatest construction feat man has ever undertaken. If the white man can live, work and rear a family under these conditions at Panama, he can do so in any other part of the tropics. The tendency will be for man to emigrate to those parts of the world where he can get the largest return for his labor. The great centers of civilization will develop in these regions, where man's labor applied to natural opportunities produces the greatest return.

Our sanitary work at Panama, says

Office of the City Clerk of the City of Santa Ana, City Hall, April 4th, 1913. (Seal) J. C. BURKE, City Clerk and ex-officio Clerk of the Board of Trustees of the City of Santa Ana, California.

NOTICE INVITING BIDS

Santa Ana, Cal., April 2, 1913.

In pursuance of resolution of the Board of Supervisors of the County of Orange, California, adopted April 2, 1913, directing this Notice, notice is hereby given that the said Board will receive at its offices at the Court House at Santa Ana, at or before the hour of 11 o'clock a.m. of April 15th, 1913, sealed bids or proposals for the building of a combination Eighty Bridge 280 ft. from across the Santa Ana River, three miles easterly from Huntington Beach.

Bids must be made on the form provided for the purpose, addressed to the Board of Supervisors, Orange County, Cal., and marked "Bid for Myers Road Bridge."

The bid must further conform to the requirements of the "Instructions to Bidders" on file in said office.

The said work must be done in strict conformity with plans and specifications, which said plans and specifications were adopted by the Board of Supervisors of said County on April 2, 1913, and are on file in the office of said Board. Bidders is required to furnish all plans and specifications for all participants and descriptions of the said work. Copies will be furnished intending bidders upon application to the County Surveyor of said County.

Each bidder shall submit with his proposal a satisfactory bond or check certified by a responsible bank and payable to the order of the County of Orange, for an amount not less than ten (10) per cent of the aggregate sum of the bid, as a guarantee that the bidder will enter into the proposed contract if the same is awarded to him.

The amount of the bond to be given to secure a faithful performance of the contract for said work shall be 25 per cent of the contract price thereof, and in addition thereto, an amount equal to 20 per cent of the contract price for the said work shall be given to secure the payment of claims for any material or supplies furnished for the performance of the work contracted to be done by the contractor for the work or labor of any kind done thereon.

The Board of Supervisors reserves the right to reject any and all bids.

By order of the Board of Supervisors of the County of Orange, State of California.

W. E. WILLIAMS, County Clerk.

NOTICE TO CREDITORS

Estate of William W. Morrison, deceased. Notice is hereby given by the undersigned Executrix of the Last Will and Testament of William W. Morrison, deceased, that the credit of the said deceased, having claims against the said deceased, to exhibit the same with the necessary vouchers, within four months after the first publication of this notice (which publication was first made on the 1st day of April, 1913), to the said Executrix at the office of W. H. Parsons, Opera House Block, Santa Ana, California, the place designated as the place where business relative to said estate is to be transacted, in the County of Orange.

Dated this 4th day of April, A.D. 1913. CLEMENCE P. MORRISON, Executrix of Said Estate.

Too Late to Classify

WANTED—Two men who can mow.

Bring your scythe. B. D. Field, East Seventeenth St. Phone 42734.

FOR RENT—3 furnished rooms for light housekeeping. All modern conveniences.

Doings In Social and Club Circles

HIGH SCHOOL P.-T. MEETING

Enthusiastic Company Gathers to Discuss School Topics of Real Interest

That interest is constantly increasing in the meetings of the High School Parent-Teacher's Association is shown by the goodly attendance of parents and teachers. Yesterday afternoon's meeting saw a splendid attendance of the parents interested in the vital subjects that were discussed. Mrs. Z. B. West, president of the association, was in the chair.

Besides the discussion of scheduled subjects two musical numbers were sung by the boys' quartette of the high school with Miss Ramona Clevenger as accompanist, and the girls' stringed instrument quartette gave two excellent numbers. All of these were greatly enjoyed.

E. E. Keech gave a practical talk on Picnicking in School Time, and Its Effect on the Home, the School and Finances. Mr. Keech said that each pupil should have an ideal and the boy or girl with an ideal would not want to use the time allotted to them for study in picnicking on school time. He also said he was pleased that the punishment that was being meted out to those who did take school time for pleasure was of such a nature that the time would not be lost. He further said the difficulty in training is that parents much of the time do not know where their children are, and that they do not keep in close enough touch with them. "We owe it to our children to systematize their finances. They do not need much money to spend and as a rule they have too much to spend," said Mr. Keech.

Memorial resolutions were adopted yesterday and sent to the family of the late Mrs. Julia Dickinson, who was a faithful W.R.C. member for many years.

O—Entertained With Dinner

Last evening Mr. and Mrs. W. L. Duggan charmingly entertained Mr. and Mrs. E. T. Mateer and little daughters, Helen and Alice, at an elaborate six o'clock dinner.

The evening was pleasantly spent with music by Miss Clara Duggan and with social conversation.

O—The Billy Club

Mrs. Flake Smith, Mrs. Ray Wilson, Mrs. Chester Nuckles, Mrs. McDonald, Mrs. Jess Elliott, Mrs. Joe Babcock were members of the Billy Club who were yesterday the guests of Mrs. Clarence Tedford at her home on Parton street.

Fancy work and reading passed the time pleasantly and a delicious two-course dinner was served by the hostess before the club adjourned.

O—Ladies' Guild Tea

The Guild tea held on Wednesday at the South Main street home of Mrs. Reuter was a successful affair, about forty-five ladies attending and a generous sum for the Guild fund of the church of the Messiah.

The afternoon was purely a social one, no program of any sort being introduced. Light refreshments were served as a hospitable close to the meeting.

Delicious fruitade and wafers were served by a committee from the Commercial High School, Misses Nettie Crutchfield, Eva Ninniger, Eleanor Egge, Adelaide Keefe.

The committee in charge of this meeting was Mrs. Webber, Mrs. C. W. Burns, Mrs. Gowen.

O—Mrs. Kendall's Luncheon

Mrs. C. S. Kendall yesterday entertained pleasantly for a number of ladies, a whist luncheon being the function. Crocuses in a basket of gilt held the place of honor on the table, and the yellow tint prevailed on pretty place cards and in the dessert course. The whist games were greatly enjoyed, and Mrs. J. D. Thomas made high score. The prize awarded her was a cut glass bowl. The consolation trophy, a lace handkerchief, went to Mrs. Gilbert.

Mrs. Kendall's guests were Messmates E. S. Gilbert, C. M. Jordan, J. D. Thomas, G. S. Briggs, Whitson, C. V. Davis, Fred Fuller, J. I. Clark, A. W. Rutan, J. W. Tubbs, McQuigg, L. A. Culver.

O—Travelers Luncheon

Traveler Class No. 2 will hold a picnic luncheon at the residence of Miss Mary Taylor, on Edgewood Road, near Main street, Monday, April 7, and the luncheon is to be at 12:30. Members will take 11:50 car at Fourth and Main streets.

O—SILVER LEAF

THE BEST FLOUR in the market. Every sack guaranteed. \$1.50 per sack. \$5.90 per barrel. A car just in from the mills. Get in line, use the best and save money.

AT J. A. SMILEY HOME

Ladies of West End Thimble Club Happily Entertained at Yesterday's Meeting

Mrs. J. A. Smiley gave a cordial welcome to the ladies of the West End Thimble Club yesterday afternoon when the club met for the first time in the beautiful new Smiley home which has for some time been the mecca which the ladies have been hoping to visit. The house had been made additionally attractive with fragrant fruit tree blossoms and home-grown white carnations.

The perfect day and the attraction of the new home brought out the members, the full strength of the club being present besides three other ladies who were guests of honor; Messdames Edwin and Amos Cox and Miss Gordon, the latter being the house guest of the Dr. J. L. Stevenson family. Miss Edna Slocum read a lengthy and interesting story during which the ladies worked to advantage on their dainty needlework. Two contests, ably conducted, further entertained the company.

The hostess served a two-course collation, being assisted in serving, as she had been in receiving, by her two daughters, the Misses Catherine and Isabel, Miss Catherine being at home from Pomona College during the collegiate vacation. Miss Clark also assisted in serving and two small boys, Masters Edwin and Amos Cox, had the proud distinction of carrying the napkins and teaspoons.

Just as the ladies were leaving, Mr. Smiley, who with Messrs. Amos and Edwin Cox had been on a fishing trip in Ventura county, returned home. He brought with him a handsome salmon trout measuring between 21 and 26 inches. This and two similar trout brought back from the trip by Messrs. Cox were the longest trophies of the expedition, but Mr. Smith reported a catch of about 200 trout for the party. The ladies were much interested in the story of the trip and in the handsome specimen exhibited.

The next meeting of the Thimble Club will be at the home of Mrs. D. L. Mitchell, with Mrs. T. M. Robertson entertaining with her.

O—At Laguna Beach

A week-end party at Laguna Beach includes Misses Hazel Rowley, Nancy and Carrie Elder, Bessie Lewis and Mrs. Herbert Rankin of Santa Ana. They are at the Warling cottage.

O—Conservatory Musicals

The musical program to be given tomorrow afternoon at 4:30 at the Orange County Conservatory of Music promises to be one of the best given this season. The public is always cordially invited to attend these weekly recitals and the audiences are invariably large and enthusiastic.

Pupils from Miss Carolyn Haughton's class will present tomorrow's musical, demonstrating kindergarten as well as some advanced work.

Last week's recital was given by pupils from Mr. Earl Fraser's class, and proved very interesting indeed. Mr. Fraser is a comparatively recent addition to the Conservatory faculty who is well proving his right to be identified with so successful and progressive an institution.

It is Mr. Gustlin's plan to employ his own most advanced pupils as his assistants, thus assuring a reflection of his own ideals and methods in all of the Conservatory's work. Mr. Fraser is not only a most talented and brilliant performer, but possesses also the gift of teaching, a not any too frequent combination. His rare musical insight and ideals of thoroughness are bound to win more than ordinary success for him in his career.

O—McArthur-Garrard

A wedding of interest to Santa Anans was that of Eugene McArthur, formerly of Santa Ana and Anaheim, and Miss Treda Garrard of Long Beach, taking place at Long Beach yesterday at the home of the bride's father. Mr. and Mrs. McArthur left for an eastern honeymoon trip of several months, going via the Santa Fe route to Minnesota. While away they will visit New York city and other eastern seaboard cities. On return to California they will reside at San Jacinto where Mr. McArthur is the telephone operator.

O—Will Sell Homemade Rugs

Mrs. Eckhardt of North Broadway street yesterday afternoon opened her home for a meeting of the local chapter of the American Woman's League. A pleasant social afternoon was enjoyed, the ladies busying themselves during the hours of chat with the sewing of rugs to be sold through the Woman's Exchange maintained by the local organization. The preparation of these homemade rugs proved to be interesting work.

Light refreshments were served by the hostess ending an enjoyable afternoon for the ladies of the chapter.

O—Will Soon Sail for China

Mr. and Mrs. J. B. Behins of Anaheim were guests last night at the Schroeder home on Lincoln street. In the evening they addressed the young people of Zion Evangelical church, prior to departing on missionary work in China. The Behins sail from San Francisco on April 12 for China, this being their first trip abroad in foreign missionary work.

O—Shower for Miss Trapp

The apartment of Miss McDonald at the Chandler House was last night beautifully decorated with bride roses and ferns at a surprise shower.

WILCOX Makes Them Right

HOLD ELECTIONS FOR SCHOOL TRUSTEES

All Districts Outside of Santa Ana Engaged in Casting Ballots Today

VERY FEW CONTESTS AND VOTE IS LIGHT

Fullerton and Orange Have On Vigorous Contests; Quiet Everywhere Else

Elections are being held today in all school districts of the county outside of Santa Ana, in practically all

districts two trustees are being chosen. In most places there is no difference and the candidates will be elected without opposition.

In the Fullerton district there are five candidates. L. P. Drake of Fullerton and J. G. Launder of La Habra, are seeking re-election; and Attorney Allen and Dr. Wickett of Fullerton, and Mr. Brown of Randolph district, are also candidates. Messrs. Launder and Drake recently declared that they would not again be candidates, but friends finally prevailed upon them to make the race.

In Orange there will be an election of one director for the grammar school board and of two directors for the high school board.

For the grammar school board, C. E. Lush is mentioned as a successor to W. D. Granger, and has consented to become a candidate. Mr. Granger has refused to serve on the board for another term.

For the high school board G. C. Woods of Orange and R. W. Jones of El Modena are candidates to succeed themselves. No other candidates have been announced.

County School Superintendent Mitchell will attend a mass meeting of citizens at Huntington Beach tonight, when there is to be a general discussion and decision relative to a proposition to buy eleven acres of land for additional school purposes.

The people are reported in favor of the purchase but there is some difference as to the best methods of so doing, some favoring the imposition of a special tax and others advocating a bond issue.

A light vote is reported.

GRIS YELL AND SCARE BURGLAR OFF

ORANGE, April 4.—Two girls in the home of Cyrus Harbour saved the place from being robbed last night, because they awakened while a burglar was ransacking a dresser, and instead of obeying his ferocious mandate to "shut up," yelled all the louder.

Both girls are members of the household, and they had scarcely fallen into slumber when Mr. Burglar made his unconventional call. The reception he met with must have been most unexpected to him—it was to the young ladies—and the way he made his retreat leads to the suspicion that he hasn't stopped running yet. Nothing was taken by the unknown except his flight.

CLOSING OUT SALE OF CANDIES

The Cherry Blossom will Quit Business in Santa Ana, After Sun. April 6 Saturday will be the big clean up sale on candies of all kinds. Candies sold for 5 to 20% less than regular selling price.

CLOGGED NOSTRILS OPEN AT ONCE, HEAD COLDS AND CATARRH VANISH

Sage Mixed With Sulphur Restores Natural Color and Lustre to Hair

Why suffer the handicap of looking old. Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance.

Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Either prepare the tonic at home or get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," ready to use; but its

ten, avoid preparations put up by druggists as they usually use too much sulphur, which makes the hair sticky. Get "Wyeth's" which can always be depended upon to darken beautifully and is the best thing known to remove dandruff, stop scalp itching and falling hair.

By using Wyeth's Sage and Sulphur no one can possibly tell that you darkened your hair. It does it so naturally and evenly—you moisten a sponge or soft brush, drawing this through the hair, taking one small strand at a time which requires but a few moments. Do this at night and by morning the gray hair disappears; after another application or two its natural color is restored and it becomes glossy and lustrous and you appear years younger. Rowley Drug Co.

completed term of the late President Madero.

As minister of the exterior relations in Madero's former cabinet, Laseurian is entitled to serve as next in line, in view of the deaths of Madero and Vice President Suarez. The Huerta cabinet would be retained by the compromise.

This arrangement, it is said, has been offered to the constitutionalists now fighting the Huerta government in northern Mexico. It is declared that Governor Carranza of Coahuila has agreed and that the Sonora insurrectionists will fall in line.

The decision of the present provisional president is said to have been occasioned by the recent uprising of Zapata in the south, which places the Huerta forces between two fires. Another factor in the decision is that the government has less than 14,000 troops with which to meet the troubous conditions of Mexico.

"California" Off For Guaymas

SAN DIEGO, April 4.—With Rear Admiral W. C. Cowles on board, as commander of the Pacific fleet, the flagship California sailed yesterday afternoon for Mazatlan and Guaymas to relieve Rear Admiral W. H. H. Southerton, who will return to San Diego on the Colorado, and then proceed to Washington for duty on the naval board.

Mateer's Drug Store Going to Take Location Immediately West

With the moving of the Cherry Blossom to Anaheim next week, the beginning of a number of changes along Fourth street at the southwest corner of Fourth and Main streets will have been begun.

Mateer's Drug Store is going to move from its present location between the Cherry Blossom and the Farmers & Merchants National Bank into the room now occupied by the Cherry Blossom, and the bank will expand into the room now occupied by the drug store.

The Farmers & Merchants National Bank now occupies the corner, which measures 25 by 100 feet. With the room now occupied by the drug store thrown into the banking house, the bank will have a space 50 by 100 feet.

The bank will tear out the wall between it and the room adjoining, and will extend the north counter across to the west wall of the new room. Additional safety deposit vaults will be put in and a safety vault for books will be built. The bank's present quarters are too small for the bank's business, and the necessity of expansion has long been apparent.

Next week the Cherry Blossom confectionery store will move to Anaheim where it has secured a location at 118 East Center street.

W. H. Titchenal, the proprietor, is one of the most popular of the young business men of Santa Ana and his many friends will regret his leaving.

The Cherry Blossom has always done a very satisfactory business in its present location, and it is owing to the expiration of its lease and the fact that a suitable room here was not available that Mr. Titchenal reluctantly decided to seek a new field.

Mateer's Drug Store will fit its new location for the drug business. New fixtures are to be installed, including a new soda fountain.

—Desist Skule at Spurgeon Skulehouse.

HUERTA RESIGNS TO SECURE PEACE

EL PASO, April 4.—To satisfy all facts in the Mexican mele, General Huerta has agreed to the naming of Pedro Lascurain as provisional president, say advices received here today directly from the national capital. Lascurain will serve out the un-

STOLEN RING IS FOUND AT PRISON

Property of Santa Ana Young Woman In Possession of L. A. Prisoner

A gold ring bearing the initial "R" and stolen from the home of Miss Clausen at 1509 North Main street on the last day of last January, was recovered today by City Marshal Jernigan in the Los Angeles city prison, where it had been taken away from a man arrested on the charge of being a holdup operator.

The accused is a broken-nosed individual who gives his name as Andy Kelly, and confesses that he is also known as "Kid Kelly." When he was taken into custody the ring was found among other articles that he had.

Marshal Jernigan secured the ring and showed it to Miss Clausen today and she immediately identified it as her lost property. The thief secured it by entering her home through the use of a skeleton or pass key. Kelly denies that he stole it and says he bought it "from a man."

NEARLY \$300,000 IN BUILDING PERMITS

Three Months' Operations Are Almost Equal to Half of 1912 Total

FOURTH WARD LEADS IN PERMITS ISSUED

Santa Ana Enjoying Steady Growth in Substantial Improvements

With only three months of the present year gone, the value of new building work in Santa Ana is equal to almost one-half of the full total of last year, when the aggregate was about \$260,000.

The unofficial figures for the past three months show \$290,000 represented in new buildings and improvements made. Summarized the records show that in January the total valuation was \$29,000; February, 142,775; March, \$118,255.

Building Inspector Roper has kept in close touch with all operations and at the dawn of March he predicted that the \$100,000 mark would be passed. In all there were 44 permits issued last month, and the most of them were for new structures in the Fourth ward. The division among the wards was as follows:

First ward, 4; Second ward, 10; Third ward, 8; Fourth ward, 18; Fifth ward, 4.

Permits issued the past week are as follows:

To T. D. Knight for a six-room cottage at 422 Fruit street to cost \$1400; W. L. Mitchell, contractor.

To C. E. Nininger for five-room cottage at 816 West Third street to cost \$920; W. L. Mitchell, contractor.

To K. Morse for two rooms and closet in residence at 606 East Seventeenth street to cost \$234; W. L. Mitchell, contractor.

To Taylor Bros. for alterations and improvements at 216 West Fourth street to cost \$500; C. M. Jordan, contractor.

To P. A. Robinson & Son for six-room bungalow at 1606 Bush street to cost \$1500.

To Hendon Bros. for six-room dwelling at 806 South Broadway to cost \$2000; W. T. Elliott, contractor.

J. C. Horton for residence at 315 East Pine street to cost \$800.

To L. A. Newman for removal and repairs at 1314 East Third street to cost \$200.

To D. Erramis for improvements to pool room at 200 West Fourth street to cost \$1900; R. C. McMillan, contractor.

To H. R. Holmes for addition to residence at 2006 North Broadway to cost \$275; N. S. Galbraith, contractor.

To Frank Feighner for five-room bungalow at 509 West First street to cost \$1000; J. Cade & Son, contractors.

Extensive Improvements

Extensive improvement work is being done throughout the city. Taylor Bros. are making elaborate changes at their confectionery establishment on West Fourth street to cost \$500. The interior will be made most attractive and will be equipped with every modern convenience. Several other Fourth street business houses contemplate improvements of various character. On East Fourth Reinhaus Bros. have just completed a big garage.

About \$2000 is to be expended by Mills & Winbiger on the improvement of their undertaking establishment on North Main street above Sixth. The present chapel is being extended twenty feet in length and the family room is being made larger. There will be a 26-foot addition to the main building to provide more room for the morgue, laying-out and trimming rooms. The interior of the chapel will be elegantly fitted up, and will provide seating capacity for 200 people.

OWN A FARM IN TULARE COUNTY

Pay in cash (\$700 to \$1000 on 20 acres)—balance in 1919. Diversified crops are the farmer's safeguard. Yields of \$100 to \$300 an acre are realized from oranges, olives, peaches, figs, seedless grapes, melons, berries, Turkish tobacco, alfalfa, etc., etc.

The Orosi district is safe for oranges. The naval crop is shipped by December 15th. Our illustrated folder with map may mean much to you. Send for it.

PACIFIC COAST PHYSICIAN HAS BELIEF IN FRIEDMANN'S CURE

Voces Confidence in the Man as Well As in His Remedy—Describes Friedmann's Methods

(Note:—Dr. Charles S. Noble, head of the Noble Hospital, of Seattle, Wash., acting on behalf of the Star, an evening newspaper of that city, came to New York March 3, especially commissioned to make an investigation of the widely heralded tuberculosis cure of Dr. Friedmann. Franz Friedmann, the German scientist. Admittedly embarking on his inquiry as a skeptic, Dr. Noble below presents his own impressions of the most discussed medical discovery of the century.—United Press.)

BY DR. CHARLES S. NOBLE

(Written for the United Press.)

NEW YORK, April 3.—More than three weeks ago I came to New York with a special commission to investigate and report upon the widely heralded tuberculosis cure of Dr. Friedmann. I came determined to keep my mind free of prejudice, but I must say in frankness that my attitude unavoidably was that of a skeptic. Now, after three weeks of almost daily contact with Dr. Friedmann and attendance at every clinic conducted by him in New York during that period, and after many interviews with subjects treated by him, I am making the following report to the Seattle people interested in my investigation:

I believe that Dr. Friedmann has taken the longest stride that yet has been made in the direction of a certain cure for tuberculosis. I believe that he has a cure for many forms of tuberculosis that heretofore have not been amenable to treatment. I believe his culture will prove especially efficacious in cases of bone and

granular tuberculosis and I expect it to be widely used within the next few years for immunization. From being a skeptic I have become hopeful that time, the only infallible test, will show that the German savant has produced a real cure for the world's greatest scourge—tuberculosis. Whatever shortcomings Dr. Friedmann may have, he is not a faker. He personally is certain he has a cure. Ultimately a cure for tuberculosis is certain. Dr. Friedmann says he has it, I am inclined after seeing his results to accept his statement until it is disproved.

My first interview with Dr. Friedmann was not reassuring. He was suspicious, resentful of too close questioning and resentful of any attempt to draw him into a scientific discussion of his discovery or his methods. I attended his first clinic. The country already knows of the storm of criticism resulting from that initial demonstration. Like every other American physician, I was stung by the German's utter disregard of even the elemental dictates of aseptic surgery. His awkward use of a none too carefully sterilized hypodermic, his painful nervousness and apparent lack of technique naturally heightened the suspicions of the medical fraternity. The newspapers were loud in their criticism. Save that he was less nervous, there was little improvement in the visitor's work at the second clinic; but at the third demonstration there was noticeable improvement, and at each succeeding clinic Dr. Friedmann's use of the needle and his preservation of aseptic conditions has been beyond criticism.

In this manner the championship of each grade was determined, also the championship of the country schools. Much interest has been manifested by parents in this work as shown by the fact that thirteen banners of the fifteen needed have been donated by different organizations in the county, and two silver cups.

In the pull-up championship in the eighth grades Center street in Orange won the banner presented by the County Christian Endeavor Union, the score being 14.6, Garden Grove coming second, score 14.25, and Giassell street, Orange, third, score 13.; in the seventh grades, Glassell school, Orange, won the banner presented by the Fullerton W.C.T.U., score, 10; Tustin came second, score 8.1; in the sixth grades, Tustin came first, score 8.16, winning the banner presented by the W.C.T.U. of Santa Ana; Lincoln school, Santa Ana, came second, score 6.7, and Glassell third, score 5.55; in the fifth grades Glassell came first, winning the banner presented by Lincoln Parent-Teacher's Association, score 9.6; Anaheim second, score 7.5, and Tustin in third, score 6.5. In the country schools, San Juan Capistrano came first, score 14.5, the banner being presented by the Buena Park Parent-Teacher's Association; Westminster second, score 11.2, and Olive third, score 9.75.

In the standing broad jump San Juan also won the championship of the country schools with the score of 7 feet, 5.22 inches, winning the banner presented by the El Modena W.C.T.U., Villa Park coming second, the score being 6.10, and El Modena third, score 6.9-69; in the eighth grade, Fullerton came first, score 7.66, winning the banner presented by the Glassell Orange Parent-Teacher's Association, Roosevelt school in Santa Ana coming second, score 7.4-6; in the seventh grades Lincoln came first, score 7.0, the banner being presented by the county committee of the Y. M.C.A.; Glassell came second, score 6.7-7, and Jefferson third, score 6.6-6; in the sixth grades Fullerton won the banner presented by the El Modena W.C.T.U., Villa Park coming second, the score being 6.10, and El Modena third, score 6.9-69; in the eighth grade, Fullerton came first, score 7.66, winning the banner presented by the Glassell Orange Parent-Teacher's Association, Roosevelt school in Santa Ana coming second, score 7.4-6; in the seventh grades Lincoln came first, score 7.0, the banner being presented by the county committee of the Y. M.C.A.; Glassell came second, score 6.7-7, and Jefferson third, score 6.6-6; in the sixth grades Fullerton won the banner presented by the El Modena W.C.T.U., Villa Park coming second, the score being 6.10, and El Modena third, score 6.9-69; in the eighth grade, Fullerton came first, score 7.66, winning the banner presented by the Glassell Orange Parent-Teacher's Association, Roosevelt school in Santa Ana coming second, score 7.4-6; in the seventh grades Lincoln came first, score 7.0, the banner being presented by the county committee of the Y. M.C.A.; Glassell came second, score 6.7-7, and Jefferson third, score 6.6-6; in the sixth grades Fullerton won the banner presented by the El Modena W.C.T.U., Villa Park coming second, the score being 6.10, and El Modena third, score 6.9-69; in the eighth grade, Fullerton came first, score 7.66, winning the banner presented by the Glassell Orange Parent-Teacher's Association, Roosevelt school in Santa Ana coming second, score 7.4-6; in the seventh grades Lincoln came first, score 7.0, the banner being presented by the county committee of the Y. M.C.A.; Glassell came second, score 6.7-7, and Jefferson third, score 6.6-6; in the sixth grades Fullerton won the banner presented by the El Modena W.C.T.U., Villa Park coming second, the score being 6.10, and El Modena third, score 6.9-69; in the eighth grade, Fullerton came first, score 7.66, winning the banner presented by the Glassell Orange Parent-Teacher's Association, Roosevelt school in Santa Ana coming second, score 7.4-6; in the seventh grades Lincoln came first, score 7.0, the banner being presented by the county committee of the Y. M.C.A.; Glassell came second, score 6.7-7, and Jefferson third, score 6.6-6; in the sixth grades Fullerton won the banner presented by the El Modena W.C.T.U., Villa Park coming second, the score being 6.10, and El Modena third, score 6.9-69; in the eighth grade, Fullerton came first, score 7.66, winning the banner presented by the Glassell Orange Parent-Teacher's Association, Roosevelt school in Santa Ana coming second, score 7.4-6; in the seventh grades Lincoln came first, score 7.0, the banner being presented by the county committee of the Y. M.C.A.; Glassell came second, score 6.7-7, and Jefferson third, score 6.6-6; in the sixth grades Fullerton won the banner presented by the El Modena W.C.T.U., Villa Park coming second, the score being 6.10, and El Modena third, score 6.9-69; in the eighth grade, Fullerton came first, score 7.66, winning the banner presented by the Glassell Orange Parent-Teacher's Association, Roosevelt school in Santa Ana coming second, score 7.4-6; in the seventh grades Lincoln came first, score 7.0, the banner being presented by the county committee of the Y. M.C.A.; Glassell came second, score 6.7-7, and Jefferson third, score 6.6-6; in the sixth grades Fullerton won the banner presented by the El Modena W.C.T.U., Villa Park coming second, the score being 6.10, and El Modena third, score 6.9-69; in the eighth grade, Fullerton came first, score 7.66, winning the banner presented by the Glassell Orange Parent-Teacher's Association, Roosevelt school in Santa Ana coming second, score 7.4-6; in the seventh grades Lincoln came first, score 7.0, the banner being presented by the county committee of the Y. M.C.A.; Glassell came second, score 6.7-7, and Jefferson third, score 6.6-6; in the sixth grades Fullerton won the banner presented by the El Modena W.C.T.U., Villa Park coming second, the score being 6.10, and El Modena third, score 6.9-69; in the eighth grade, Fullerton came first, score 7.66, winning the banner presented by the Glassell Orange Parent-Teacher's Association, Roosevelt school in Santa Ana coming second, score 7.4-6; in the seventh grades Lincoln came first, score 7.0, the banner being presented by the county committee of the Y. M.C.A.; Glassell came second, score 6.7-7, and Jefferson third, score 6.6-6; in the sixth grades Fullerton won the banner presented by the El Modena W.C.T.U., Villa Park coming second, the score being 6.10, and El Modena third, score 6.9-69; in the eighth grade, Fullerton came first, score 7.66, winning the banner presented by the Glassell Orange Parent-Teacher's Association, Roosevelt school in Santa Ana coming second, score 7.4-6; in the seventh grades Lincoln came first, score 7.0, the banner being presented by the county committee of the Y. M.C.A.; Glassell came second, score 6.7-7, and Jefferson third, score 6.6-6; in the sixth grades Fullerton won the banner presented by the El Modena W.C.T.U., Villa Park coming second, the score being 6.10, and El Modena third, score 6.9-69; in the eighth grade, Fullerton came first, score 7.66, winning the banner presented by the Glassell Orange Parent-Teacher's Association, Roosevelt school in Santa Ana coming second, score 7.4-6; in the seventh grades Lincoln came first, score 7.0, the banner being presented by the county committee of the Y. M.C.A.; Glassell came second, score 6.7-7, and Jefferson third, score 6.6-6; in the sixth grades Fullerton won the banner presented by the El Modena W.C.T.U., Villa Park coming second, the score being 6.10, and El Modena third, score 6.9-69; in the eighth grade, Fullerton came first, score 7.66, winning the banner presented by the Glassell Orange Parent-Teacher's Association, Roosevelt school in Santa Ana coming second, score 7.4-6; in the seventh grades Lincoln came first, score 7.0, the banner being presented by the county committee of the Y. M.C.A.; Glassell came second, score 6.7-7, and Jefferson third, score 6.6-6; in the sixth grades Fullerton won the banner presented by the El Modena W.C.T.U., Villa Park coming second, the score being 6.10, and El Modena third, score 6.9-69; in the eighth grade, Fullerton came first, score 7.66, winning the banner presented by the Glassell Orange Parent-Teacher's Association, Roosevelt school in Santa Ana coming second, score 7.4-6; in the seventh grades Lincoln came first, score 7.0, the banner being presented by the county committee of the Y. M.C.A.; Glassell came second, score 6.7-7, and Jefferson third, score 6.6-6; in the sixth grades Fullerton won the banner presented by the El Modena W.C.T.U., Villa Park coming second, the score being 6.10, and El Modena third, score 6.9-69; in the eighth grade, Fullerton came first, score 7.66, winning the banner presented by the Glassell Orange Parent-Teacher's Association, Roosevelt school in Santa Ana coming second, score 7.4-6; in the seventh grades Lincoln came first, score 7.0, the banner being presented by the county committee of the Y. M.C.A.; Glassell came second, score 6.7-7, and Jefferson third, score 6.6-6; in the sixth grades Fullerton won the banner presented by the El Modena W.C.T.U., Villa Park coming second, the score being 6.10, and El Modena third, score 6.9-69; in the eighth grade, Fullerton came first, score 7.66, winning the banner presented by the Glassell Orange Parent-Teacher's Association, Roosevelt school in Santa Ana coming second, score 7.4-6; in the seventh grades Lincoln came first, score 7.0, the banner being presented by the county committee of the Y. M.C.A.; Glassell came second, score 6.7-7, and Jefferson third, score 6.6-6; in the sixth grades Fullerton won the banner presented by the El Modena W.C.T.U., Villa Park coming second, the score being 6.10, and El Modena third, score 6.9-69; in the eighth grade, Fullerton came first, score 7.66, winning the banner presented by the Glassell Orange Parent-Teacher's Association, Roosevelt school in Santa Ana coming second, score 7.4-6; in the seventh grades Lincoln came first, score 7.0, the banner being presented by the county committee of the Y. M.C.A.; Glassell came second, score 6.7-7, and Jefferson third, score 6.6-6; in the sixth grades Fullerton won the banner presented by the El Modena W.C.T.U., Villa Park coming second, the score being 6.10, and El Modena third, score 6.9-69; in the eighth grade, Fullerton came first, score 7.66, winning the banner presented by the Glassell Orange Parent-Teacher's Association, Roosevelt school in Santa Ana coming second, score 7.4-6; in the seventh grades Lincoln came first, score 7.0, the banner being presented by the county committee of the Y. M.C.A.; Glassell came second, score 6.7-7, and Jefferson third, score 6.6-6; in the sixth grades Fullerton won the banner presented by the El Modena W.C.T.U., Villa Park coming second, the score being 6.10, and El Modena third, score 6.9-69; in the eighth grade, Fullerton came first, score 7.66, winning the banner presented by the Glassell Orange Parent-Teacher's Association, Roosevelt school in Santa Ana coming second, score 7.4-6; in the seventh grades Lincoln came first, score 7.0, the banner being presented by the county committee of the Y. M.C.A.; Glassell came second, score 6.7-7, and Jefferson third, score 6.6-6; in the sixth grades Fullerton won the banner presented by the El Modena W.C.T.U., Villa Park coming second, the score being 6.10, and El Modena third, score 6.9-69; in the eighth grade, Fullerton came first, score 7.66, winning the banner presented by the Glassell Orange Parent-Teacher's Association, Roosevelt school in Santa Ana coming second, score 7.4-6; in the seventh grades Lincoln came first, score 7.0, the banner being presented by the county committee of the Y. M.C.A.; Glassell came second, score 6.7-7, and Jefferson third, score 6.6-6; in the sixth grades Fullerton won the banner presented by the El Modena W.C.T.U., Villa Park coming second, the score being 6.10, and El Modena third, score 6.9-69; in the eighth grade, Fullerton came first, score 7.66, winning the banner presented by the Glassell Orange Parent-Teacher's Association, Roosevelt school in Santa Ana coming second, score 7.4-6; in the seventh grades Lincoln came first, score 7.0, the banner being presented by the county committee of the Y. Savings Bank Deposits vs Investments

"How can I invest \$1200.00 now in a savings bank drawing Four Per Cent Interest, at practically no more risk to the principal than at present, but paying a better rate?"

Before the writer of the above withdraws the money to invest it in securities, he should consider the matter very carefully. If the savings bank is a sound institution the money on deposit is already one of the very best investments that human ingenuity has yet devised for a small fund.

The bank is paying 4 per cent compound interest, but a higher rate is wanted. Four per cent in a savings bank may seem a low rate of interest; but when the safety of the investment is considered and the interest is compared with the yield of a high-grade security, it is not disproportionate.

A savings bank depositor, moreover, must not lose sight of the fact that he has something besides his interest.

He has money and it is intact in his bank.

When he buys a security he parts with the money, and he cannot reclaim it except by selling the security. When he loans the money on mortgage his funds are not available for several years.

Santa Ana Savings Bank

(Co-operating with the First National)
Pays Four Per Cent Compound Interest and Keeps Your Money Ready
For You When You Want It.

A CAR LOAD OF Corrugated Iron

in 6, 7, 8, 9 and 10 foot lengths has just been received and we can furnish you with any amount desired at a very cheap price.

A CAR LOAD OF Water Pipe

in sizes from $\frac{1}{2}$ -inch to 2-inch has also just been unloaded at our shop and we can fix you out in any amount of this.

S. Hill & Son

pipe ditch B, from C street to the S.P. railway right-of-way, the abutting property owners to pay for the gates and one-half the cost of the pipe line from D street to the S.P. railway right-of-way.

It was moved and carried that we replace the pipe line that was torn up on Frank Stennett's land on West Washington avenue.

On motion, the president and secretary were instructed to execute an agreement for an alternative right-of-way on West Washington avenue between the Santa Ana Valley Irrigation Company and Frank Stennett, G.F. Jackson and R.A. Stevens.

On motion, A.G. Finley was instructed to confer with the Delhi Drainage District to see what can be done to handle our waste water.

W.G. Mitchell appeared before the board in reference to running water on unstocked land and same was taken under advisement.

On motion, the superintendent was instructed to lower the pipe leading from the lower sand-trap.

It was moved and carried, that the salaries of the following zanjeros, Roy Hillyard, W.D. Peterkin, Fred Lanfranco and J. Robbins, be raised \$10.00 per month, commencing April 1, 1913. The roll was called, Geo. Dierker voting no, A.G. Finley, Fred Rohrs, H.W. Lewis and L.E. Smith voting yes.

The finance committee's report approving bills as follows: Construction account, \$1,929.17, expense account, \$1,526.72, was read and approved and the secretary instructed to draw warrants on the proper funds for the several amounts.

On motion, the attorney and secretary were instructed to answer as per suggestions of the board, the letter received from S.T. Bush, dated February 21, 1913, in reference to the Krogh Mfg. Company's account.

It was moved and carried that the price of water be placed at 30 cents per hour for one head, commencing at 6 a.m., April 1, 1913.

On motion, the board adjourned to Tuesday, April 1, at 7 p.m. Adjudged.

O. E. MANSUR, Secretary.

Adjourned Meeting.

Orange, Cal., April 1, 1913.

Pursuant to adjournment of March 20, the board was called to order at 7 p.m., with all members present.

Zanja committee's report was read, accepted and ordered filed as follows:

Zanja Committee's Report.

Orange, Cal., March 29, 1913.

To the Board of Directors of the S.A.V.I. Co.

Gentlemen:—We, the zanja committee, having examined all matters referred to us, would report as follows: M.L. Berneke, for gate—Would recommend that same be tabled until such time that they get his land graded so he can irrigate it all from the new gate.

H.J. Plum, for ditch extension—We ask for further time.

Respectfully yours,

L.E. SMITH, FRED ROHRS.

Zanja Committee.

On motion, the petition for a gate, from M.L. Berneke, was laid on the table.

On the petition of H.J. Plum the committee was granted further time.

An application was received from Geo. H. Pirie to unlocate water stock from lot 9, and the east 20 feet of lot 10, block D, of the town of Orange, represented by certificate No. 8905, and on motion, same was granted, and the secretary instructed to issue unlocated stock in lieu thereof upon the applicant filing with the secretary the proper recorded disclaimer.

A petition was received from Robt. McFadden et al. to unlocate stock from lots 1 to 18 inclusive, 24 and 25 in the McFadden & Wilson addition to Santa Ana, represented by certificate No. 4148, and on motion, the secretary was instructed to issue to Robt. McFadden unlocated stock in lieu thereof upon the applicant filing with the secretary the proper recorded disclaimer.

Petitions to unlocate stock were received from J.H. Gulick, Frederica Spurgeon and L.I. Swanner, and on motion, were referred to the zanja committee.

A petition was received from Miss D. Dominguez for a bridge across our main canal and was referred to the president and superintendent.

A petition from E.S. Houghtaling for relief from storm water, was received and referred to our superintendent.

A petition from H.P. Opp for a gate on ditch OO, was received and referred to the zanja committee.

A petition was received from L.L. Merchant for an iron gate and was referred to the superintendent with power to act.

On motion, the secretary was instructed to make the following transfers: From R.J. Garnsey to J. Krock, from J.J. Roberts to O.M. Guttridge and from W.H. Young to Philip Truby, all as per deeds presented.

J. Holt was reported for changing one of the Santa Ana Valley Irrigation Company's gates without permission and he was cited to appear before the board April 26, 1913, at 11 a.m.

On motion, the president and secretary were instructed to draw a warrant in favor of the Reinforced Concrete Pipe Co. for \$143.66.

A warrant was ordered drawn in favor of the Tri-Counties Reforestation Committee for \$250.00 as our subscription for 1913.

On motion, the superintendent was instructed to raise the ditch bank on ditch V on Fairhaven avenue.

Adjourned.

O. E. MANSUR, Secretary.

Coughs and Consumption

Coughs and colds, when neglected, always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief in the first dose, and finally the cough will disappear. O.H. Brown, of Muskadine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery, she would not be here today." Known for forty-three years as the best remedy for coughs and colds. Price 50¢ and \$1.00. Recommended by all druggists.—Advertisement.

NOTICE

Notice is hereby given that sealed proposals will be received by the City Clerk of the City of Santa Ana up to the hour of 5 o'clock p.m. of April 21st, 1913, for all of the manure produced at City Stables, Fire Hall and Street sweepings, provided that the city reserves two loads thereof.

Santa Ana, Cal., April 1st, 1913.
J.C. BURKE, City Clerk.

Water! Water! Water!

Now that the water developments for the Yucaipa Valley are nearing completion, we again call attention to what has been done.

The big reservoir, holding sixty million gallons, is now filling up. It has been lined with re-inforced concrete six inches thick and is secure from leakage. This splendid storage reservoir holds three thousand, two hundred and seventy inches of water. Within two or three weeks it will be entirely filled. A glass bottom boat is being built for use on the reservoir. The location of the reservoir is only one mile from Yucaipa City, and adjoins the Grand View Park, and will add greatly to the beauty and pleasure of the valley.

The water is obtained from sources high in the San Bernardino mountains from nine sources, four never-falling streams and four tunnels. One tunnel, nearing completion, is two thousand feet in length and yields one hundred inches of water, constant flow. The flow increases as the tunnels are projected into the mountains. These tunnels are to be bulkheaded and the water held back when not needed to fill the reservoir or for irrigating. The storm water and surplus from the streams is also stored in the deep gravel beds in the canyon and thus conserved. This supply is for the thirty-two hundred acres of trees now on the "Middel Bench" of the upper valley lands and is more than an ample supply for soil lands and for Yucaipa City. It is distributed for domestic and irrigating purposes through forty-two miles of steel mains, the most up-to-date irrigating system in Southern California as well as the cheapest.

The three thousand acres known as the "South Bench" will be supplied from six big pumping plants, operated with electric energy, the big pumps are now being set on unusually large concrete foundations. The water will be pumped into three concrete distributing reservoirs, now nearing completion. Twenty-four miles of steel mains, now laid, will distribute this water for domestic and irrigating purposes. This supply will be more than ample for all demands of the "South Bench." These two systems furnish water for the five thousand acres of the famous Big Red Apple land in the upper portion of the Yucaipa Valley. The ownership and control of the water goes with the land, and every purchaser of the land becomes a member of the mutual water company. This water is exclusively for the upper end of the valley. The lower or west end of the valley will be irrigated from the artesian basin on the lower levels adjacent to the hundreds of acres of vegetable gardens. It is a source of great satisfaction to the multitude of people interested in the Yucaipa valley to know that the water developments have been so successful and that there is no longer any grounds for anxiety about Yucaipa's water supply.

We make two or more trips every week. Remember Yucaipa is only 64 miles away. We make the trip up and back in one day. See this fine development and make a wise investment. Redlands & Yucaipa Land Company.

L.A. CLUB WOMEN RESENT CHARGE OF LEGISLATORS

LOS ANGELES, April 4.—The women of Los Angeles clubs resent the charge of some Sacramento legislators that all "freakish" bills were introduced at the instance of the women. They deny the accusation. The matter was brought up this week before the Civic association by Mrs. Oliver C. Bryant, who said there were fewer freak bills in the legislature than ever before and that it was the men who caused the bills to be introduced.

"The accusation is absurd. We women are standing for bills that will mean the most to our city and state. I am glad that the legislature is realizing the fact that women want the best. We intend to have it, even if the impression is that we are 'freakish.'

Mrs. George Rice, who introduced a bill before the association providing for the annual appointment of judges to serve for not more than three

years, which the members indorsed, demanded to know if that was freakish.

"We are not advocating freak bills," she said. "We are too busy. We sit out the best bills and work for their interest. We only want an equal share in the government of California, but we want that half."

Mrs. Cora Deal Lewis and Miss Florence Mills also strongly objected to the charge from Sacramento.

NEW CITY WATER PLANT

RICHMOND, Cal., April 4.—Selected plans and estimates for a water system for the city and surroundings will be the first act of the committee recently appointed by the city council of Pomona to investigate orchard heating with a view to eliminating the objectionable smudge.

The committee announced recently that investigations thus far have demonstrated that orchard heating may be carried on in such a manner as to eliminate practically all smudge.

The partial report just issued by the committee follows: "Your committee appointed for the purpose of investigating the matter of orchard heating, begs to report that after witnessing a number of demonstrations by a large number of different types of orchard heaters, the committee is of unanimous opinion that orchard heating may be successfully accomplished by the use of heaters of such a type and in such a manner as to practically eliminate all smoke or smudge. The committee believes also that by the use of improved heaters and with the proper co-operation on the part of the orange and the lemon growers, the smudge nuisance can be done away with."

The committee found in the demonstrations of the different types of heaters that the powder cans, five gallon gasoline cans, old style Hamilton and Bolton heaters gave off very large quantities of smoke, and the committee unanimously recommends that the use of such types of heaters, and also the use of other heaters with the stacks removed, be prohibited by ordinance with a heavy penalty attached.

The committee has asked the county for more time for investigation before a further report.

FRECKLES

February and March Worst Month For This Trouble; How to Remove Easily

There's a reason why nearly everybody freckles in February and March, but happily there is also a remedy for these ugly blemishes, and no one need stay freckled.

Simply get an ounce of osthine, double strength, from Mateer's Drug Store and apply a little of it night and morning, and in a few days you should see that even the worst freckles have begun to disappear, while the light ones have vanished entirely. Now is the time to rid yourself of freckles, for if not removed now they may stay all summer, and spoil an otherwise beautiful complexion. Your money back if osthine fails.—Advertisement.

HEATING CITRUS FRUIT GROVES NOW WITHOUT SMUDGE

POMONA, April 4.—Growers and residents throughout the citrus growing districts of Southern California are interested in the work of the committee recently appointed by the city council of Pomona to investigate orchard heating with a view to eliminating the objectionable smudge.

The committee announced recently that investigations thus far have demonstrated that orchard heating may be carried on in such a manner as to eliminate practically all smudge.

The partial report just issued by the committee follows: "Your committee appointed for the purpose of investigating the matter of orchard heating, begs to report that after witnessing a number of demonstrations by a large number of different types of orchard heaters, the committee is of unanimous opinion that orchard heating may be successfully accomplished by the use of heaters of such a type and in such a manner as to practically eliminate all smoke or smudge. The committee believes also that by the use of improved heaters and with the proper co-operation on the part of the orange and the lemon growers, the smudge nuisance can be done away with."

The committee found in the demonstrations of the different types of heaters that the powder cans, five gallon gasoline cans, old style Hamilton and Bolton heaters gave off very large quantities of smoke, and the committee unanimously recommends that the use of such types of heaters, and also the use of other heaters with the stacks removed, be prohibited by ordinance with a heavy penalty attached.

The committee has asked the county for more time for investigation before a further report.

Anna M. Conaway to J. A. Ro-

The little tots are always fond of pastry, but if made from lard it's bound to be greasy and indigestible, and isn't good for their little stomachs; if made from butter, it's too expensive—at present butter prices.

Cottolene

is far better than lard because it is a vegetable product, never makes food greasy, never causes indigestion. It is the equal of butter at about one-third the price. So why be extravagant?

Feed the "kiddies" their fill of pastry—if made from Cottolene it won't harm them.

Cottolene is both economical and healthful.

TRY THIS RECIPE:
Doughnuts
3 tablespoons Cottolene 3/4 cup sugar
3 egg yolks 1 white 1/4 cup milk
2 1/2 cups flour 1 cup freshly mashed potatoes
1/2 teaspoon salt 3 teaspoons baking powder
1/2 teaspoon er'd mace 1/4 teasp'n gr'd nutmeg
Cream the Cottolene, add sugar, then the eggs, stir in potato and milk, add flour gradually; use more if necessary. Roll and cut doughnuts needed before frying. Fry in deep Cottolene.
